

Dear Comrades,

I apologize for the lateness of the newsletter. I was waiting for the meeting to see where we were at.

We have dwindled our extra funds down somewhat to pay bills during this second closure. The officers are busy finding ways to save money and ways to make some more. For example, we are looking to lower our insurance costs and turning down the heat. There are a few grant opportunities out there and they are restarting some of the dinners and lunches. Please see the schedule.

If you are wanting specifics as to anything, please come to a meeting. I am hearing people telling others totally wrong information about our expenditures and situation. Please do not speak of club business outside of the club and or the meeting you may be discussing. The information is being misheard and then passed on as though it were fact. I have attempted to be an open book regarding how things are going and have found that to be the case. Thank You.

Thank you for all you do for our post. As always feel free to call me with any questions or concerns along with what you will do to try to fix it.
